BODY TREATMENT

BODY MASTER

MUSCLE STIMULATOR PROGRAM

Code: 8086

BODY MASTER is a device that combines the programmatic ease of use, treatment efficiency and the appropriate combination of electric waves.

It gives maximum efficiency and a pleasant feeling in any chosen program and ensures the consumption of energy in a passive way through muscle activation. This device performs the shaping and tightening of the abdomen, gluteus, thighs, arms and chest.

BODY MASTER is an ideal tailor-made body partner.

PRINCIPLE OF OPERATION

- > Various factors cause cellulite: hormonal, vascular and circulatory.
- > The device is based on a type of electrotherapy for eliminating cellulite and localized fat deposits.
- > It was created to stimulate the transit of circulation.
- > By placing the electrode in coordination with the lymph node, the existing blockages are released and it additionally frees the passage of fluid.
- > The purpose of this treatment is to stimulate the muscles in a specific way in order to obtain the strengthened muscle tissues.

PROGRAMS

- > Program 1 - cellulite breakdown program
- > Program 2 - muscle strengthening and shaping program
- > Program 3 - muscle toning program
- > Program 4 - chest area strengthening and lifting program
- > Program 5 - lymphatic drainage program
- > Program 6 - arm muscle strengthening program
- > Program 7 - glute strengthening and lifting program
- > Program 8 - spondylosis treatment
- > Program 9 - lumbago treatment
- > Program 10 - program for muscle atrophy after prolonged immobilization

Technical characteristics

Product name: BODY MASTER
 Code: 8086
 Voltage: 220-240 V AC; 50/60 Hz
 Power: 150 W
 Main fuse: T-2 A
 IC Classification IEC60601/1: Class I, BF
 Screen dimensions: 80x36 mm
 Number of electrodes: 24
 Number of programs: 10
 Housing: Polystirol
 Max output current: 0-30 mA AC
 Output frequency: 10-200 Hz
 Timer: 1-60 min
 Frequency regulation: 1-200Hz
 Relaxation regulation: 1-10sec
 Intensity regulation: Each channel separately
 Dimensions of device (LxWxH): 450x330x180 mm
 Weight aparata: 12 kg
